

THE CHAMBER CONNECTION

THE
WARWICK
VALLEY
CHAMBER
www.warwickcc.org

FAREWELL OLD FRIEND

AFTER MANY YEARS OF SERVICE TO US, THE CABOOSE HAS UNFORTUNATELY BECOME UNINHABITABLE AND WE HAVE FOUND A TEMPORARY LOCATION.

The caboose has served as the chamber office since 1993, and served it has. The chamber has grown steadily since 1993, and we hope that we can take the spirit and energy of the caboose and bring it to our new space when we find one!

Thanks to the caboose for many memories and being a great talking point of our wonderful chamber.

Opinions expressed by newsletter participants do not necessarily reflect those of the Warwick Valley Chamber of Commerce.
7 Grand Street, Warwick, New York 10990

PRESIDENT'S REPORT

Kim Corkum
Director of Luxury Homes
Keller Williams Realty

Spring is here and I am excited for all that it will bring. We are excited to announce we will be offering two scholarships this year for eligible high school seniors, as well as my favorite event of the season, the 3rd Annual Golf Outing.

We will be adding golf mixers, so stay tuned for upcoming dates.

I look forward to continuing to bring in new opportunities and ideas to advocate your businesses and community opportunities. We are on a mission to help our businesses to continue to grow.

Please take advantage of what our chamber offers to promote your business from ribbon cuttings to all kinds of mixers.

We want to continue building a strong local economy.

STEFANIE KEEGAN
Executive Director of the Warwick
Valley Chamber of Commerce

EXECUTIVE DIRECTOR

Dear Chamber Members,

I am so excited to have started my journey as Executive Director of the Warwick Valley Chamber of Commerce. Having started in late August right as we were gearing up for Taste of Warwick and Applefest was very exciting and I got to learn a lot very quickly and appreciate everyone who has been so integral in making these events huge successes for our community. Our annual member celebration at Red Tail Lodge was truly wonderful and it was so nice to get to meet so many of you in person and celebrate the wonderful business community here in the Warwick Valley. We have such a vibrant and thriving community it gives me immense excitement to be part of and to be here to support our local businesses. I want all of our members to know that connecting with you all and hearing your needs and wants from the chamber is very important to me.

KAREN WINTROW
Business Manager

We have a bright future ahead and I am looking forward to collaborating with all of you. If you have an idea for a program or wish to hold a mixer at your business, please reach out.

Please feel free to call, email or schedule an appointment to meet!

Stefanie Keegan

Program Committee
Chair of the WVCC

NETWORKING TIDBITS

By Janine **Dethmers**, Programs Committee Chair

Whether you're trying to develop your personal career or forge new business relationships, making offline, personal connections has become even more critical as online social networking becomes the norm.

How well are you navigating those uncomfortable face-to-face networking situations when you step into a room of potential connections? Do you feel ready to dive right into relationship-building conversations?

This is something that I have been working on personally. My husband and I have enjoyed the live/work from home lifestyle for numerous years and have recently become snowbirds here in the sunshine state of Florida (Naples). Being new to the area has made us realize just how important it is to break out of our comfort zone to meet new people, and we are getting in some good practice. From going to the gym, to attending networking luncheons, parties or events with overwhelmingly large crowds, we seem to be making new acquaintances daily while cultivating some stronger relationships.

Whether for personal or for business, approaching a big or small group can be intimidating. One way to ease into the activity is by seeking out and introducing yourself to a person or persons who are also looking for someone to talk to. Be sure to ask people questions about themselves. Showing genuine interest in another person can say more about you than talking about yourself could. Asking questions invites others to keep engaging in conversation. And remember, active listening is a key skill for networking and will build the foundation for strong and productive relationships.

The programs committee is proud to bring you a variety of social events while encouraging our members to showcase their business and network with colleagues in a relaxed social setting. We strive to spread commerce and accommodate varying work schedules. Here's a look at what we've been up to:

More about our Spring Mixers at Craft Beer Cellars, Pine Island Tap House, Town of Warwick Police Department, Coquito, and Etched in Time, in the next issue of Chamber Connection.

Upcoming Events: Our next After-Hours Mixer will be at Last Whisky Bar on June 29 guests and non-Chamber members are always welcome to join in for any and all of our events, so be sure to spread the word and invite others to join us.

If you are interested in hosting a Chamber event or would like to pitch an idea, contact Programs Committee Chair Janine Dethmers at Corporate Impressions via jsdethmers@gmail.com or 845-988-7193.

KICKING 2023 OFF WITH GREAT MIXERS

We started off the year with a sparkling Espresso Mixer at **LAVIANO JEWELERS** in mid-January. It was one of our most well-attended morning mixers and our hosts were gracious and welcoming.

February found us at **BONE YARD CANTINA** one of the newest restaurants in downtown Warwick with a record number of attendees for an After Hours Mixer. The food and drinks were delicious and the atmosphere is second to none with the incredible hand-painted murals covering the walls.

In early March, we celebrated the 2nd Anniversary of the **RHINEBECK BANK WARWICK BANKING CENTER** at our Espresso Mixer. We were happy to have a large contingent of Rhinebeck team members present and appreciated the delicious pastries and great give-aways.

Also in March, we traveled up the mountain to **MOUNT PETER** for an After Hours Mixer. Another large crowd enjoyed delicious appetizers, a great bar, and of course, their picturesque location. It was a challenging season for skiing but their hospitality and ambience make it an incredible local treasure.

If you haven't been to a mixer, please attend one to see what they're all about. Members and non-members are welcome.

If you're interested in hosting a mixer, please let us know by emailing info@warwickcc.org.

“Growing Together”

Spring is finally approaching... and quickly! Don't have a green thumb? Having trouble maintaining your flower beds, never ending weed growth, or do you have wild shrubs that need pruning? Spring is the perfect time to re-mulch beds, extract the weeds, and prune/trim those shrubs that so desperately need a haircut! Did you know that weeds take away vital nutrients from your plants and grass? Weeds also grow 2-3 times faster than grass meaning having to spend more valuable time mowing. Another benefit to weed control is it enhances your properties curb appeal giving you roughly a 7% increase in your property value. These are just a few select services we offer here at Mikulik Lawn and Landscape that bundle great with our affordable lawn maintenance packages.

Give us a call for a free estimate where we schedule within an equitable time frame and estimates are submitted within one business day. Mikulik Lawn and Landscape values their customers and their time, therefore we are always here to answer phone calls and inquiries via email! Give us a call and leave the work for us!

Valerie K. Zammiti, JD, MBA, LLM of Zammiti Law, PLLC Ambassadorship Chair of the WVCC

CHAMBER BOOK CLUB: BUILDING BUSINESS WITH BOOKS

by: Valerie K. Zammiti, JD, MBA, LLM of Zammiti Law, PLLC

Ambassadorship Chair A fun and engaging new program has begun at the Chamber to help support our member business owners who want to learn more! We're diving into books to open discussions on ways to improve ourselves and our businesses. While topics like marketing and systems will be addressed, we will also tackle "grayer" subjects like how to establish a strong dream team and individual mindset. So, if you're interested in expanding your business knowledge and ready to apply new ideas into your business right away, reach out to the Chamber at 845.986.2720 or info@warwickcc.org to be added to the book club list! We're looking forward to seeing you there soon. Our Mission: The ambassadors of the Chamber shall identify methods to support existing members and create valuable connections with new members to ensure continued involvement with the Chamber for the increased success and betterment of all members.

USE LOCAL COUNSEL

Here in the Warwick Valley residents and business owners alike believe in its strong "shop local" attitude. Warwick recognizes that small business is an economic driver and one of the biggest reasons Warwick is a treasured destination for so many visitors. There is a distinctive pride in creating strong businesses from which earnings are invested in the community. Local business owners, and their families and employees, shop local at other businesses, buy homes here and support many of the local charities and organizations that serve the community,

all leading to continual economic growth. The principle of "shop local" also applies when you need to choose legal counsel. You should expect your lawyer to understand area customs and practices, know local attorneys and judges and have a comprehensive understanding of their community as a whole. That knowledge enables a lawyer to best serve his or her clients. Lawyers who are actively engaged in the local legal community also provide their clients the benefit of a broader knowledge base. Lawyers often reach out to area colleagues for their perspective or their experience or even simply a referral on a matter they do not handle. What has worked? More importantly, what has failed? In my role as

local prosecutor, my experience has taught me how to work with the judges in the greater Warwick area and how to best approach the issue in front of them to obtain the best outcome for my client. Likewise, when representing a private client, knowing opposing counsel aids me in developing a strategy to best meet the needs of my client. This is true for not just me, but for all attorneys. In sum, if you need an attorney, start your search here in the Warwick Valley.

The Law Office of Elizabeth K. Cassidy PLLC

serves clients in the areas of municipal, land use, real estate and landlord-tenant law.

TIME FOR FINANCIAL 'SPRING CLEANING

RYAN O'LEARY

Edward
Jones

Now that we've put winter behind us — at least on the calendar — it's time to think about **sprucing up our homes**, inside and out. But it also may be time to do some financial spring cleaning. For starters, **dust off your investment strategy**. Over time, your circumstances and risk tolerance can change, and these changes may lead you to **reexamine your future financial and investment decisions**. Next, think about "de-cluttering" your portfolio by possibly **getting rid of some duplicate investments** and using the proceeds to expand your investment mix. And it's also important to **organize all your financial documents**, whether they're on paper or in electronic form. Finally, just as you remove dangers around your house, you'll want to explore strategies to help ensure you're **protecting your loved ones from financial threats**. Spring cleaning can pay off in a cleaner, safer home environment and in helping keep your financial strategy working hard for you.

This content was provided by Edward Jones for use by Ryan O'Leary, your Edward Jones financial advisor at **845-987-7220**

THE STRETCH ARTISTS April 1st marked the one-year anniversary of **The Stretch Artists**, the new fascial stretching practice located at 7 West Street behind Board & Brush in the Village of Warwick. And indeed, it has been a remarkable year in which over 800 stretches were provided to their clients. Both new and repeat clients have enjoyed the benefits of the healing and movement-enhancing therapy of gentle assisted stretching...clients of all ages ranging from athletes to business people to folks who simply want to relieve discomfort and improve mobility diminished by injury or lifestyle.

This first year has also seen the enhanced professional development of owner Ann Fitzpatrick and practitioner Lisa Esposito. Both stretch practitioners received Level II Stretching Certification from the Stretch To Win Institute in Chandler, AZ. This advanced certification has allowed The Stretch Artists to integrate advanced stretching techniques into their practice as they assess the specific needs of each client.

Warwick Living Magazine is celebrating our 1 year anniversary of helping warwick residents get to know their neighbors through our candid family

Located at historic Doc Fry Building, 11 Hamilton Ave.

CONSIDER CORPORATE SPONSORSHIP

CORPORATE SPONSORSHIP IS A SMART AND ECONOMICAL WAY TO INVEST YOUR MARKETING DOLLARS FOR YEAR-ROUND EXPOSURE.

The benefits of Corporate Sponsorship vary depending upon the level of investment but here are the general highlights for every level:

- Membership Annual Dues
- Sponsor of Chamber events including Applefest, Taste of Warwick, Golf Outing, Taste of Warwick, Annual Celebration
- Logo on website, weekly calendar, event sponsor board
- Free admission to Chamber Mixers and Workshops
- Warwick Valley Guide Ad or Directory Listing
- Longer Chamber Connection profile
- E-blasts, member mailing labels, and boosted social media posts

SLEEP DISORDER AT ST. ANTHONY INSTITUTE COMMUNITY HOSPITAL

TREATS BOTH ADULTS AND CHILDREN

THE FACILITY BOASTS

beautifully appointed private rooms, which include flat screen TVs and Wi-Fi access. The queen-sized beds accommodate all patients comfortably, and the pediatric family suites allow parents and caregivers to accompany infants and children during sleep studies.

For more information about the Sleep Disorder Institute at St. Anthony Community Hospital,

call 866.857.6080 or visit Sleep Center (stanthonycommunityhosp.org)

- Nocturnal Polysomnography, Adult and Pediatric (ages 1 and older)
- Polysomnography with Continuous Positive Airway Pressure
- Polysomnography with Adaptive Servo Ventilation
- Multiple Sleep Latency testing
- Maintenance of Wakefulness Testing for employment and motor vehicle certification
- Home Sleep Testing (only available to adults)

Since we moved the clocks forward, we're reminded about the importance of getting enough sleep. Sleep is increasingly being recognized as an essential aspect of healthy living for both children and adults. More than one quarter of the U.S. population reports occasionally not getting enough sleep; insufficient sleep is associated with a number of chronic diseases and conditions such as diabetes, cardiovascular disease, obesity and hypertension. For those experiencing sleep disorders, the Sleep Disorder Institute at St. Anthony Community Hospital is located in Florida, NY, right in your backyard. Its mission is to provide the highest quality sleep diagnostic services and treatment to improve quality of life. The Institute

specializes in patient care for all ages, from pediatrics to geriatrics, including infants, with board-certified adult and pediatric sleep physicians. It is accredited by the American Academy of Sleep Medicine and its physicians have credentials in Sleep Medicine, Internal Medicine, Pulmonary Disease, Critical Care and Pediatric Pulmonary care in addition to a staff of credentialed and expertly trained technologists. The Pediatric Sleep Program is unique and led by a board-certified pediatric pulmonologist. Many types of sleep disorders are evaluated at the center including obstructive sleep apnea, central sleep apnea, insomnia, restless leg syndrome, periodic limb movement disorder, parasomnias and narco-

lepsy. Board-certified sleep physicians are qualified to evaluate and provide treatment for a wide variety of adult and pediatric sleep disorders including one of the most common: obstructive sleep apnea. Services for adults, children and infants include:
